#### Automatic Safety Function:

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop if obstructed going up. Your door can also be stopped and locked at any height for ventilation.

#### Automatic Force Sensing:

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door

#### Drive System

Standard one piece T Rail or optional pole and chain drive system

#### Three Channel Mini-Remote:

A three channel mini remote control with rolling code technology can control up to three different doors or gates

#### Wireless Wall Button:

Wireless push button equipped with rolling code technology for remote operation in the garage or home

#### Manual Release:

In case of power failure you can simply activate the manual release to open your garage door

#### Accessories:

A wide range of accessories is available for this motor. Refer to our website ([www.chamberlainanz.com](http://www.chamberlainanz.com)) for further details

#### Warranty:

The MT5580 comes with a two year general warranty and a five year warranty on the motor
